

Parents As Teachers

“YOU are your child’s FIRST and BEST teacher!!!”

As a parent, *you are your child’s first and most influential teacher.*

Parents As Teachers can help you lay a strong foundation for your child’s future success in school.

PARENTS AS TEACHERS

- ***Parents as Teachers*** provides a free and voluntary early learning program for parents with children from birth to six-years-old. Its purpose is to help parents lay a strong foundation for their child's future success in school. ***PAT*** participants receive the following services:
- Personalized visits by a certified parent educator who is specially trained in early childhood development. Information is provided on what to look for as your child develops, constructive play, and more.
- Group meetings with other parents to share parenting experience, gain insights, and talk about topics that interest you.
- Periodic screening to ensure that your child has no undetected learning, sensory, or developmental problems.
- Access to a network of resources that can help you locate special services that are beyond the scope of ***PAT***.

You and your child deserve the support that *Parents As Teachers* offers.

Give your child the best possible start in life.

To receive more information about this free program, please complete the following and send to:
